- ❖ **Revitalized and implemented a multi-generational employee connect program**, fostering **engagement across three workforce generations** and enhancing organizational cohesion.

PREVIOUS EXPERIENCE

Experience:

- Designed and executed a holistic HR strategy to address both short- and long-term business challenges, with a sharp focus on talent management, leadership development, culture transformation, employee engagement, productivity, and cost optimization.
- Led the implementation of a comprehensive performance evaluation and rewards framework, aligned with the compensation structure, while proactively tracking performance issues and driving employee engagement initiatives.
- Initiated and led key HR interventions including organizational planning, restructuring, and manpower rationalization, while ensuring timely talent acquisition through diverse sourcing channels such as portals, RPOs, and vendor networks—successfully closing positions across all levels.
- Executed engagement action plans derived from both external and internal engagement surveys, translating insights into targeted initiatives that improved morale and organizational alignment.
- Formulated and delivered training programs based on Training Needs Identification (TNI), aligned with a structured Training Calendar, and implemented impact assessments to measure training effectiveness. Introduced skill matrices, multi-skilling, and skill audits to build workforce agility.
- Recommended and maintained optimal organizational structures and staffing levels, ensuring alignment with evolving business goals and operational efficiency.
- Established HR systems and talent acquisition frameworks for a Greenfield project, delivering all personnel services within defined timelines—from offer issuance to on boarding, confirmations, promotions, and salary reviews.
- Institutionalized HR systems and processes, including periodic HR manual reviews, launch of a Performance Management System (PMS), and implementation of employee-friendly salary structures and role profiling.
- Strengthened employee relations through proactive engagement, union negotiations, and community relationship management, fostering a stable and collaborative work environment.
- Independently managed and resolved two major strikes, demonstrating exceptional crisis management and negotiation skills—resulting in complete dissolution of union presence.
- Developed and implemented a contract labour governance model, ensuring cost optimization, risk mitigation, and 100% compliance with labour laws, leading to zero litigation.
- Led wage and salary administration, ensured statutory compliance, represented management in domestic inquiries, and actively participated in conciliation proceedings as the official management representative.
